Marcos Beraldo Barros

Full Stack developer | Django REST | React.js
Natal, Rio Grande do Norte, Brazil

Summary

I'm 26 years old and I'm a technology lover. I have been working as a backend developer for 5 years and in my work I always try to pay attention to the quality and maintainability of the software, always paying attention to tests, documentation and clean code. My main skills are with python and django REST framework, but I am open to leaving my comfort zone and learning new technologies.

Experience

Opeaz

Back end Developer

October 2025 - Present (11 months)
Paris

Parafernalia Interativa

Full Stack Developer

June 2024 - October 2025 (1 year 5 months)
Rio de Janeiro, Rio de Janeiro, Brazil

I worked on 2 different projects. In one of them as a fullstack developer making new features and maintaining the back end in python Flask and the front end in React.js and in the other as a front end developer using Next.js.

Opeaz

Back End Developer

March 2022 - May 2024 (2 years 3 months)
Paris, Île-de-France, France

I worked on improvements to structure, performance, documentation, and tests in addition to feature iterations and code review.

Hubbi

Back End Developer

August 2021 - May 2022 (10 months)
Natal, Rio Grande do Norte, Brazil

I worked as a Backend developer working with new features and backend server maintenance in addition to server configuration with AWS, integration with payments API, testing and data science.

SeniorTech

Back End Developer

October 2021 - March 2022 (6 months)

Natal, Rio Grande do Norte, Brasil

I worked on adding new features to a backend application.

IFRN

Teacher and developer

May 2017 - December 2017 (8 months)

Parnamirim, Rio Grande do Norte, Brasil

I worked on an extension project teaching children about robotics, programming and technology, in addition to participating in robotics competitions such as OBR and some local competitions.

Education

Universidade Federal do Rio Grande do Norte
